INTRODUCTION Training Support Center (TSC) Catalog

Welcome to the world of Ft. Hood's Training Support Center (TSC)! We, at TSC, are proud to present the all-new 2006 Training Support Catalog in both web page and CD-ROM format. Our purpose is to provide every supported unit and soldier with the right training support product at the right time to make your training at Ft. Hood real and relevant.

Accessing our catalog through the web permits users to selectively scan and print the pages that pertain to their training requirements. The web site also offers us the opportunity to provide interim updates as new products become available. The CD-ROM version is available to those that do not have web access. We're confident that the information in the catalog, coupled with the information on our web pages, will provide you, our valued customers, with the most comprehensive and up-to-date information possible.

Please don't hesitate to call our Customer Service Center at (254) 287-3909/4960 for information and expert guidance on all TSC products and services. Our Customer Service Center operating hours are Monday through Friday, 0730-1600. We frequently provide after-hours services, if the need arises.

Our most valuable resources, our TSC team members, are committed to provide you products and services of the highest quality every time. Your feedback comments and valuable suggestions are always welcome and help us achieve this goal. The Ft. Hood Training Support Center team takes great pride in satisfying our customers' training needs. Your training success is our business.

Tommie W. Tucker Visual Information Manager

Ordering Training Videos

DEFENSE VISUAL INFORMATION

The Defense Visual Information (DVI) Directorate develops policy and procedure regarding the management of Visual Information in the Department of Defense (DoD).

Ordering Videos Online

Fort Hood TSC does not loan or reproduce DA videotapes locally.

To acquire Video Media, please visit: http://dodimagery.afis.osd.mil/davis/. Please DO NOT print out your request for videotapes and bring it to Fort Hood TSC for service. Send your request directly to Joint Visual Information Services Distribution Activity (JVISDA) and receive Video Media by mail from them.

The Defense Automated Visual Information System/Defense Instructional Technology Information System (DAVIS/DITIS) site contains the searchable listings and descriptions of thousands of audiovisual (AV) productions and interactive multimedia instruction (IMI) products used by the Department of Defense (DoD).

Graphic Training Aids

The Training Aids and Devices Loan Warehouse

Bldg 230 287-4593

- ✓ We have a large selection of GTAs in stock for issue. If we don't have it we can get it, generally within two weeks.
- ✓ You do NOT have to be on signature card to get most of our GTAs.
- ✓ Some GTAs are *non-expendable*. That means that that they are loaned and returnable (IE. Protractors). You DO have to be on Signature Card, DA Form 1687 to sign for these GTAs.

GTAs On-Line

If we don't have what you need and you need yours right away try getting them on line. The Reimer Digital Library (RDL) site has moved to:

http://www.train.army.mil

Simply go to the *Library Search* under *RDL Services* and follow directions. You can maximize these services by using your *Army Knowledge On Line (AKO)* account.

SAMPLE COMMANDER'S DAMAGE/LOSS STATEMENT

Accounts

Here are some simple steps and guidelines that will keep your TSC account up to par!

What is a TSC Account? Answer: A TSC account establishes property accountability. This, in turn, authorizes release of products and services for your battalion. Here are some simple rules:

- Only ONE account per battalion.
- Up to 8 authorized signatures per company level unit (2- DA Forms 1687s). Typically, up to 32 authorized signatures per battalion (8-DA Form 1687s).
- Two sets of DA Form 1687s are required. One set is required to draw MILES equipment from our warehouses in Buildings 19036, 56009, 56138. Another set is required to loan individual training aids from our warehouse in Building 230.

Step -1 – Establish an account:

- Complete a memo to the TSC Property Administrator (see our PBO in Building 229).
- Complete DA Form 1687, Delegation of Authority (3 copies), signed by the Unit Commander or Account Holder (E6/GS-5 or above).
- Up to 4 persons per company level unit may be authorized to Request/Receive property.
- Must be within the geographic responsibility of Ft. Hood (AR 5-9).

Step - 2 - Change/Renew an account:

- Conduct joint 100% inventory of all TSC equipment on hand receipt at change of account holder.
- Submit new DA form 1687 at change of account holder or authorized persons on the account.
- Discrepancies reported on relief documents and updated DA Form 2062 is signed.
- A lapsed account is a frozen account. File new DA Form 1687 annually with authorized signatures if account is more than one

year old. If you forget, we will notify your battalion account holder.

Step -3 – Close an account:

 Accounts are closed if they expire, are no longer required or upon unit inactivation. Turn-in loaned equipment and account for property to the TSC property administrator.

Delinquent Accounts

While we're on the subject of accounts, let's talk about delinquent accounts. An account is delinquent whenever you are late in turning in either MILES/TADSS equipment or individual training aids (including non-expendable GTAs).

Failing to turn-in training aids on time is a lose-lose situation.

- Your unit looks bad, the chain of command is embarrassed and no one is happy.
- You cannot borrow any additional equipment from any warehouse w/o special authorization.
- Another unit is deprived of equipment that they have reserved for training.

Property Accountability

Property Accountability is important. Damage/Loss of loaned TSC equipment can cause the account to be in jeopardy. Following these rules will keep your account in the clear.

- The battalion account holder is responsible for the entire account. This means that he must initiate the Report of Survey, if required.
- Damage/Loss of TSC equipment requiring a Commander's Statement (Ki FH Form 15-0003 Sample Damage Statement) must be signed by the Company Level Commander and reviewed by the Battalion Commander. Refer to AR 735-5 or contact our property administrator at 287-2669 for details.
- If you have sensitive items on permanent loan (Conversion kits and AT-4s), a monthly inventory is required per AR 710-2-1.
- Your account must be renewed annually.

Remember keeping your account clear and on time is a win-win!

Our Customer Service Center is in Building 229, at Battalion Avenue and

42nd Street. We're located behind the AAFES Gas Station and Car Wash. Call 287-3909 or 287-4960, or simply stop by, to make Photo Studio appointments, place work orders for TSC products and services or for expert information and guidance for all your training needs.

The vast majority of soldiers who come in contact with TSC products and services will make contact through our customer service representatives.

Our Customer Service Center team can help you with:

- Scheduling all requests for official photos.
- Receiving work order requests for:
 - ✓ Graphics Products and Services
 - ✓ Training Device Fabrication
 - ✓ AV Presentation Support
 - ✓ Location Photography and Digital Imaging Products
 - **✓** TV Production
 - **✓** Howze Theater Support

The TSC Customer Service Center is open from 0730-1600 Monday through Friday, including training holidays, to take care of customer requests and product pick-ups.

The Visual Information Production Center brings the power of state-of-the-art technology to you today. Our dedicated team of illustrators, still photographers and videographers can support you and your mission...

Our Graphics, Photo and TV Sections use digital technology to provide our customers with the highest quality graphic products, photographic images, and production videos available anywhere. Our award winning service and products have been featured in Army and Soldiers magazines and are widely recognized as among the best in the industry.

Consultation

Request a consultation to solve your special graphics needs

Requests for Graphics Products should be submitted on DA Form 3903, at the Customer Service Center r, Building #229 on Battalion Avenue; between 0730 and 1600, Monday through Friday, except holidays. Fax DA Form 3903 to 254-288-7675. For additional information call the Customer Service Center at 287-3909.

Our Self-Help Service Center for unit graphic aids.

Call 288-0959 to schedule a class or for assistance.

Building 229, Battalion Avenue and 42nd St. We're located behind the AAFES Gas Station and Car Wash.

The center is a fully equipped graphic arts facility equipped to provide units with the know-how and equipment to meet your graphic arts requirements.

At the Self-Help Center we assist you in the production of:

- Scheduling of all classes
- □ Black & White Enlargements
- Laminated or Dry Mounted Posters
- Charts, Signs, Duffel Bag Stencils
- Products can be mounted or produced using these products:
 - ✓ Foam Core
 - √ Vinyl
 - ✓ Corrugated Plastic
 - ✓ Double-Sided Laminate

□ Classes are held Tuesdays at 0900 (May change subject to demand): ■ Call 288-0959

Building #232

Battalion Avenue

The professional photographers of the Photo Section are experts at using the latest digital technology to capture images on location and in the studio.

Digital Photo and Imaging Products

- Official DA Photos
- Passport & Citizenship
- Medical Photography
- Command Photos
- Location Photos for official events & ceremonies
- Color prints and reproductions
- Color Posters
- Electronic Images

Our Photographers will contact requesters for consultation arrangements prior to an event when required. When an event is deemed to be historical in nature, requesters may be required to provide us with supplementary information (names of persons, groups or equipment and

descriptions of pictured events) that will be used to prepare written captions to describe the historical imagery. Submission of qualifying materials to the Department of Defense become Visual Information Record Material and are a part of the Army historical record in accordance with Army regulations.

Activities requiring services from the VIPC-Photo Section must complete DA Form 3903 and deliver it to the Customer Service Center in Building #229 at Battalion Avenue and 42nd Street as far in advance as possible. The Customer Service Center is open between 0730 and 1600, Mondays through Fridays, except on holidays. You can also fax your DA Form 3903 to 254-288-7675. For additional information, call the Center at 287-3909.

Official D.A. Photo support and other studio photographic services are provided at the Main, 1st Cavalry Division and 4th Infantry Division Studios.

Main Photo Studio

Building #231 Battalion Avenue

The Main Photo Studio is set up to take Official Department of the

Army photographs, chain-of-command photos, passport and citizenship photos. The Main Photo Studio is open Monday

- Friday from 0800 to 1130 and 1230 to 1600 hours, except holidays. This studio is operated on a **Same Day Appointment basis, Customers must** check in at the Customer Service Center in Building #229 to secure a slot. For additional information call 287-3909.

Our satellite studios at the 1st Cavalry and 4th Infantry Division Headquarters buildings are set up to take official Department of the Army and Chain-of-Command photos. These studios are operated **by appointment only.** Customers must make an appointment through the TSC Customer Service Center by calling 287-3909 or 287-4960. Customers are urged to make their appointments early to have their photos made before the rush that precedes promotion board due dates. Don't delay – the schedule fills up quickly!

Satellite Studio Locations and Operating Hours:

1st Cavalry Division Studio Building #28000 67th Street & Battalion Avenue 1st Floor, Room 1026

4th Infantry Division Studio Building #410 24th Street & Battalion Avenue 1st floor, Room 108F

DAPMIS INSTRUCTIONS

The Army is now using electronic photos exclusively for almost all Promotion Boards. The Fort Hood Training Support Center is an active participant in the Department of the Army Photo Management Information System (DAPMIS), an Army-wide digital repository of Official Promotion Photos for Army personnel.

When you have your promotion photo taken in a Fort Hood TSC Studio, it will be uploaded into the DAPMIS system after your session. You then have the opportunity to review your official photo from a computer with internet access and either accept or reject it. It is important to understand that reviewing your photo on the Web is optional. If you do not log in to the web site to accept/reject your photo within three business days after it is available on-line, the new image will automatically become your Official DA Photo. This new photo will be exactly the same as the one you previewed at the studio. No changes are made by TSC or PERSCOM.

Our photographers are experienced at taking DA Photos but they are not magicians! We can make a properly fitting uniform look great, but a badly fitting uniform will still look bad. Please keep in mind that natural wrinkles from the wear of the uniform are acceptable and are not justification for a retake. In addition, errors in the wear of the uniform may not be grounds to have your photo shot again. Scrutinize your uniform BEFORE coming to the studio. If you reject your photo, and wish to replace it, your request for a retake must be justified.

Hard copy photos are no longer required for most Officer and Enlisted personnel and will no longer be provided to these soldiers. Hardcopy photographs are also no longer required for Army National Guard and Reserve enlisted soldiers whose selection boards are held at Human Resource Command-St. Louis if they can be uploaded to DAPMIS. To review your photo on the DAPMIS web site, you must use Internet Explorer (6.0 or higher). One of the following methods for accessing the DAPMIS web site must be performed within 3 days of the photo facility entering the photo into the DAPMIS system.

DIRECTLY:

- Go to https://isdrad16.hoffman.army.mil/dapmis/ImageAcceptProlog.do

FROM AKO:

- Log into the AKO Portal and then go to the "My Personnel" Section
- Click on the link for "DA Photo Management Info System (DAPMIS)"

FROM THE HUMAN RESOURCES COMMAND WEB SITE

- Go to https://www.hrc.army.mil/indexflash.asp
- Click on one of the Active Duty links for HRC Alexandria or HRC Indianapolis
- From either of those web sites click on the DAPMIS link

Then do the following:

- 1. Enter your AKO login and password in the security popup window if prompted to do so.
- 2. From the DAPMIS intro page click on Photo View.
- 3. On the Photo View and Acceptance screen you will either accept or reject the new photo to be your DA Official Photo.

Please note that photos are typically uploaded into the DAPMIS system within 1-2 business days of the soldier being photographed. Due to technical limitations and other circumstances beyond our control (network and/or internet outages, problems with the DAPMIS web site, etc.) we cannot guarantee this turnaround time.

If you have any comments or questions, please e-mail them to dapmis@hoffman.army.mil. The effectiveness of this system and future improvements will be based on your comments.

Building #4611 Railhead Drive

TSC Television Section has state-of-the-art production equipment with highly trained Video Producers...

Key Products

Closed Circuit Television (CCTV) Playback.

TSC operates Fort Hood Channel 10 which is available to Fort Hood personnel

and residents on the Fort Hood cable television system. The Pentagon Channel, a new programming service from DoD, can now be seen on Fort Hood TSC-TV, Channel 10. The channel features live coverage of Department of Defense news briefings as well as regular interviews with top Defense officials. Channel 10 carries a portion of The Pentagon Channel's lineup of programming throughout the day and night.

In addition to programming from the Pentagon Channel, several local programs remain on Channel 10. These programs include "Fort Hood On Track" the weekly Command Information news program from III Corps Public Affairs, the monthly "Community Services Council Meeting", the quarterly "TV Town Hall" and more. During

the time that there are no scheduled programs, local community announcements are displayed. For more information about programming, contact the Public Affairs Office at 287-4003.

Public Announcements can be submitted using the form FHT FORM 25-X32 PUBLIC ANNOUNCEMENTS.doc and submitting DA Form 3903 to the Customer Service Center in Building #229. Call Customer Service Center at 287-3909 for information.

■ Video Products & Reproductions

Fort Hood video and unit training tapes can be edited and dubbed. There is a minimum seven-day turn around.

Video Products can be reproduced in ½" VHS, Betacam SP, DVCAM and DVD (in limited amounts). Audiotapes are reproduced.

TSC reserves the right to refuse duplication of materials covered by Federal, State or Department of Defense Copyright laws or directives.

Sufficient justification must be on or attached to the DA Form 3903 and taken to the Customer Service Center, Building #229 on Battalion Avenue; between 0730 and 1600, Monday through Friday, except holidays. Fax DA Form 3903 to 254-288-7675. For additional information call the Customer Service Center at 287-3909.

Television Documentation Taping

TSC offers customers videotaping of briefings, official events, historical and other official ceremonies. Professional editing and dubbing can also be provided.

Work requests must include time and place of event, target audience and justification. (Who, What, When, Where and Why?)

Requests for Documentation Videotaping are made on DA Form 3903 and

submitted to the Customer Service Center, Building #229 on Battalion Avenue; between 0730 and 1600, Monday through Friday, except holidays. Fax DA Form 3903 to 254-288-7675. For additional information call the Customer Service Center at 287-3909.

Requesters may be required to provide videographers with supplementary information regarding the subjects

photographed. This information will be used to prepare captions for events of historical significance. Captions of historical events are required by regulation.

Building #1156 Hell on Wheels Avenue

This section provides design and fabrication capability for training aids/devices which are not available through normal supply and equipment channels. Whether it's

made from wood, plastic or metal, the TSC Devices Team can build it for you...

Key Products

- Terrain Boards
- Map Boards
- Commanders Boards
- Icon Holders
- **■** Training Mines
- Displays
- Mock-ups
- Field Signs
- Classroom equipment for field use
- Scale models of vehicles and equipment

All training aids and devices produced by TSC are the property of the U.S. Army and under the property book control of TSC. Customers must be an

authorized hand receipt holder in order to pick up these items or products.

Requests for fabrication of training devices should be submitted on DA Form 3903, at the Customer Service Center, Building #229 on Battalion Avenue; between 0730 and 1600, Monday through Friday, except

holidays. Fax DA Form 3903 to 254-288-7675. For additional information call the Customer Service Center at 287-3909.

Training Aids, Devices, Simulators and Simulations (TADSS) ■ <u>Call 285-5063</u> for the TSC TADSS Specialist in Bldg 229, Battalion Ave. and 42nd St..

TADSS provides <u>all</u> units training at Fort Hood with a wide variety of essential training support products and services.

> Simulators

- □ MILES Multiple Integrated Laser Engagement System for soldiers, combat and combat support vehicles. MILES equipment is warehoused at TADSS East Bldg 56009 and TADSS West Bldg 56138. Administrative functions and scheduling is handled at TADSS Main Bldg 19036, 254-287-2488.
- □ TSV Thru Sight Video After action reviews for gunnery and tactical training.
- □ TWGSS Tank Weapons Gunnery Simulations System vehicle mounted gunnery training system that simulates the main gun and coaxial machine gun for the Abrams M2 tank.
- □ PGS Precision Gunnery System Vehicle mounted gunnery training system that simulates the main gun and coaxial machine gun for the Bradley Fighting vehicle.
- □ AGES Air Ground Engagement System II incorporates MILES on the AH 64-Apache and OH-58D Kiowa.
- ☐ Training Aids Warehouse Bldg 230, 254-287-4593 Contains a wide variety of individual and team training aids and Graphic Training Aids (GTAs).
 - ✓ Resuscitation Annies
 - **✓** Plastic Weapons
 - ✓ Mine kits
 - ... and over 5,000 more!

> Simulations

- □ EST Engagement Skills Trainer realistic marksmanship and combat scenario training for 12 of the most common small arms and crew served weapons.
- □ IMTS Improved Moving Target Simulator Air Defense Training for Stinger Missiles.
- □ OFT Observed Fire Trainer realistic instruction for the artillery forward observer for the adjustment of fire and fire planning.

> Device Fabrication

- Our shop provides local design and fabrication for training aids/devices not available through normal supply and equipment channels.
 - ✓ Terrain Boards
 - ✓ Maps Boards
 - ✓ Mines
 - ...and any other device needed to satisfy your requirements.

TADSS Main Warehouse

Building #19036 North Avenue

Located on North Avenue near the intersection of Sportsman's Loop.

The TADSS Warehouse provides loan and storage for the following Fort Hood's TADSS equipment.

- **MILES**
- TSV
- **TWGSS**
- PGS
- **AGES**

TADSS East and West Warehouse

For customers' convenience, TSC has an East and West Warehouse for pick up and drop off of TADSS loan equipment. All requests for TADSS equipment must go through the TADSS Main Warehouse.

TADSS East Warehouse is building # 56009

Located on Murphy Road by the Ivy Scale Range.

TADSS West Warehouse is building # 56138

Located on West Range Road by the 1st Cav Pegasus Scale Range.

Requests for TADSS equipment can be made at the TADSS Main Warehouse, Building #19036, on DA Form 3903. Forms can be faxed to 254-287-1808. For additional information call 254-287-2488.

Contact Teams

TSC has four Contact Teams that support units in the field for

- On the spot repair and troubleshooting
- Direct Exchange of damaged, defective, and lost equipment

Requests for Contact Team Support can be made at the TADSS Main Warehouse, Building #19036, on DA Form 3903. Forms can be faxed to 254-287-1808. For additional information call 254-287-2488.

Multiple Integrated Laser Engagement System (MILES)

MILES is a family of training systems which uses lasers to simulate the

effects of direct fire weapons at their operational ranges. MILES operates in a fully integrated tactical training environment. MILES is available for the soldier, M16, Dragon, HMMWV, TOW, M113, M2/3, M1A1, M1A2, OH-58, OH1, and ADA units...

Key Benefits

- Maneuver training
- Gunnery training Table IV
- FH REG 350-1 Units will train on the installation, operation, troubleshooting and maintenance of MILES within 90 days of deployment to NTC

Requests for MILES equipment can be made at the TADSS Main Warehouse, Building #19036, both DA Form 3903 and FH Form 25-X1 must be submitted. Forms can be faxed to 254-287-1808.

Thru-sight Video (TSV)

TSV is used for After Action Reviews (AAR) for gunnery and tactical training of Tank and Bradley personnel. TSV consists of a TV camera linked to the gunner's primary sight. The capability to record the gunner's sight image on video and crew communications on audio provides an added dimension to training exercise reviews. Leaders can verify gunner's performance, and assess training effectiveness by reviewing videotapes. Monitoring gunnery from range towers provides real time data for on the spot correction to enhance gunner's performance....

Key Benefits

■ Gunnery/Maneuver

Requests for TSV equipment can be made at the TADSS Main Warehouse, Building #19036, both DA Form 3903 and FH Form 25-X1 must be submitted. Forms can be faxed to 254-287-1808. For additional information call 254-287-2488.

Train-up time is required. Training is coordinated by TADSS personnel at the TADSS Main Warehouse, Building #19036, submit DA Form 3903. Forms can be faxed to 254-287-1808. Training lasts one day. For additional information call 254-287-2488.

Tank Weapons Gunnery Simulations System (TWGSS)

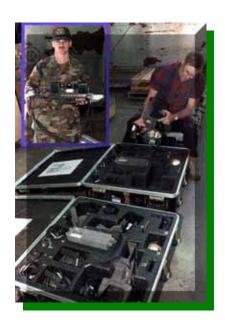

TWGSS is a vehicle-mounted gunnery training system, which simulates main gun and coaxial machine gun firing for tanks. It is based on an eye safe laser system and reflectors; it is compatible with the MILES training device used in combination arms exercises. TWGSS is used with M1, M1A1, and M1A2 tanks...

Key Benefits

- Gunnery/Maneuver
- Gunnery trainer

Requests for TWGSS equipment can be made at the TADSS Main Warehouse, Building #19036, both DA Form 3903 and FH Form 25-X1 must be submitted. Forms can be faxed to 254-287-1808. For additional information call 254-287-2488.

Train-up time is required. Training is coordinated by TADSS personnel at the TADSS Main Warehouse, Building #19036, submit DA Form 3903. Forms can be faxed to 254-287-1808. Training lasts one week. For additional information call 254-287-2488.

Precision Gunnery System (PGS)

PGS is a vehicle-mounted gunnery training system, which simulates main gun and coaxial machine gun firing for Bradley's. It is based on an eye safe laser system and reflectors; it is compatible with the MILES training device used in combination arms exercises. PGS is used with 25mm, TOW and coax M2/M3 series BFV...

Key Benefits

- Gunnery/Maneuver
- Gunnery trainer

Requests for PGS equipment can be made at the TADSS Main Warehouse, Building #19036, both DA Form 3903 and FH Form 25-X1 must be submitted. Forms can be faxed to 254-287-1808. For additional information call 254-287-2488.

Train-up time is required. Training is coordinated by TADSS personnel at the TADSS Main Warehouse, Building #19036, submit DA Form 3903. Forms can be faxed to 254-287-1808. Training lasts one week. For additional information call 254-287-2488.

Air Ground Engagement System II (AGES)

AGES II incorporates MILES on AH-64 Apache and the OH-58D Kiowa

Warrior. System will allow these aircraft to participate in force-onforce training exercises at the combat training centers. Weapons simulated include Hellfire rockets and 30mm...

Key Benefits

- NTC
- JRTC
- Train-up to NTC

Train-up time is required. Two hours of training coordinated by calling 254-288-2304.

Training Aids Warehouse

Training Aids and Device Loan Warehouse

Building #230 Corner of Battalion Avenue and 42nd Street

The Training Aids and Device Loan Warehouse provide a wide selection of equipment for short-term loan. A complete listing of Training Aids and Devices can be found in this Catalog...

- First Aid Training Aids
 - Resuscitation Annies
 - IV Arms
 - Mark-1 Kit/Diazepam Injectors
 - Moulage Kits
- Primary Marksmanship
 Instruction (PMI) Training Aids
 - Rifle Rest
 - Target Paddle
 - Riddle Device
 - M16 Sighting
 Device
 - LMTS
 - \blacksquare MACS
- Opposing Forces (OPFOR)
 - Shirts
 - Weapons
 - AK47, Sniper Rifle, RPG-7, 9mm Pistol, UZI, PKM machine gun, Grail (In limited quanities).

- *Unexploded Ordnance (UXO)*
 - Mine Kits (US Mines)
 TIED Kit
- Tank Rounds
 - 120 mm
 - SABOT
 - HEAT
 - \blacksquare MPAT
- AT4 Trainers and Subcaliber
- Other Training Aids
 - Plastic M16s
 - Coffins and Flags
 - Map Boards (limited quanities)
 - Small noise Simulator
 - Artillery Simulator
 - Warlock Trainer
 - Vehicle ID Kits
 - Static Display
 - Grenade ID Kit

Short Term Equipment/Device Loan (less than 30 days) use DA Form 2062, DA Form 3161, or Material Army Tracking System. Requests for Issue or Turn-In, can

be submitted in duplicate to Building #230, or Faxed to 287-3936 at least two working days prior to actual date required. Turn-in will be made using customer's receipt copy. For additional information call 254-287-4593/3619.

Key Loan Equipment

- Digital Cameras
- Bullhorns
- PA Systems
- Camcorders
- Proximas

Requests for loans should be submitted directly to the Training Aids and Devices Loan Warehouse, Building #230, or by fax at 287-3936. Training and audiovisual

items should be listed alphanumerically and include the nomenclature and device number(s). The period of loan should be requested only for the dates that the items are required to support instruction or training and should be indicated on the loan order. In the event training requirements are canceled, the Service Center should be notified as soon as possible so that requested equipment, devices or material can be made available to other units or activities.

Units and activities not returning items on the date indicated on the loan order are considered delinquent.

Requests for over-the-counter issue/loans should be received a minimum of two working days prior to the scheduled date of use. Requests necessitating the use of the U.S. Postal Service should be received a minimum of 24 days prior to scheduled use. When sufficient lead-time is available, items not stocked or not available will be ordered from appropriate sources. For additional information, call 254-287-4593/3619.

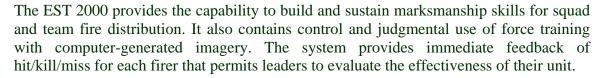

TSC does not provide some DA Forms (such as DA Form 1155 or DA Form 1156) or any DD Forms. The unit S-1 will have to go to the Publication Warehouse to acquire these forms. TMs and FMs will be ordered through the unit S-1.

Engagement Skills Trainer **a** Call 287-3374 to schedule your unit.

Bldg 19031 North Ave & 53rd St.

The Engagement Skills Trainer provides realistic marksmanship and combat scenario training for 12 of the most common small arms and crew-served weapons and individual anti-tank weapons in the Army inventory.

- ☐ Has the feel, weight, recoil, fit and sounds of the actual weapon
- □ Multilane individual marksmanship training from zero to qualification
- Multilane individual and collective gunnery training for static dismounted individual/squad/ team/element levels:
 - ✓ Infantry
 - ✓ Scout
 - ✓ Engineer
 - ✓ Military Police
 - ✓ Combat Support
 - ✓ Combat Service Support
- Realistic Shoot-Don't Shoot
 Scenarios
 - ✓ Urban Combat
 - ✓ Guard/Security
- □ Computer generates targets, terrain and weapons effects in a real-time three-dimensional display that also includes OPFOR weapons and sounds.

- ☐ The system supports:
 - ✓ M16A2 Rifle
 - ✓ M4 Carbine
 - ✓ M9 Pistol
 - ✓ M249 Machine Gun
 - ✓ M240B Machine Gun

- ✓ M2 .50 caliber Machine Gun
- ✓ MK19 Grenade Machine Gun
- ✓ M203 Grenade Launcher
- ✓ M136 Anti-Tank Weapon
- ✓ M1200 Shotgun

Technical Specifications: Device No. DVC 07-129, FM 3-22.9, TD-07-6910-702-10

The Engagement Skills Trainer features a wide variety of scenarios in the "Marksmanship", "Tactical Collective Training" and "Judgmental Shoot/Don't Shoot" categories in 5-Man and 10-Man lane configurations.

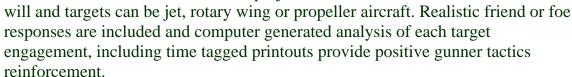

Building #19030 53rd Street & Sportsman Drive

The Moving Target Simulator (MTS) provides the soldier with a realistic environment in which to train. The MTS teaches team and unit training tactics in a

wartime environment. In the dome of the MTS, soldiers can fire simulated missiles for a fraction of the cost of real missiles while using the exact weapon during training as they would on the battlefield. Defending gunners can see, hear and feel a real battle with as many as three enemy aircraft overhead. Each enemy aircraft has its own infrared signature and countermeasures.

Key Benefits

- Air Defense Training in use of Stinger Missile
 - Computer Driven
 - Moving Targets on Hemispherical Screen
 - Realistic Battlefield Environment
- Available to all units
 - Individual/crew training
- Security Clearance: Confidential

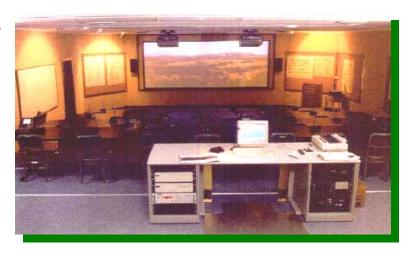

Units requiring scheduling of the MTS need to contact the MTS Maintenance Technician at 287-3640. A DA Form 3903 must be submitted at Building 19030, and a minimum of a *CONFIDENTIAL* clearance is required along with a *Security Access Roster verified by your Battalion S2*.

Observed Fire Trainer and Javelin Simulators **2** Call 287-3374 to schedule your unit.

Bldg 19031 North Ave & 53rd St.

The Observed Fire Trainer permits realistic instruction to forward observers in the observation and adjustment of artillery fire and fire planning. The OFT simulates the visual and aural effects that an observer can expect to experience in an observation post (OP) when overlooking a battlefield. The OFT can also be used for exercise preplanning, basic and advanced map reading, and terrain recognition training. The OFT is a

digital computer based trainer that can simulate the visual and audio effects of artillery on simulated targets such as wheeled and tracked vehicles and enemy fighting positions.

The trainer uses the Guardfist II scenario that can simulate gun batteries, each equipped with 155 guns with a variety of ammunition types; including high explosive, air burst, smoke, and illuminating rounds.

✓ Key Benefit – Fire Support Training before Collective Maneuver Training.

The Javelin

The Javelin is a crew served, shoulder fired, anti-armor weapon that replaces the Dragon. The Basic Skills Trainer located at the OFT instructs the soldier crew on target identification, acquisition skills and lock on techniques.

Call the Simulator Lead at 287-3374
Fax: 553-0435

Warrior Skills Trainer **■** Call 287-3374 for information.

Bldg 4510

Warehouse Avenue & 65th Street

(Located inside gated area directly behind the Battle Simulation Center (BSC), Bldg 4501 on Warehouse Avenue & 65th St.)

The Engagement Skills Convoy Trainer provides a unique realistic vehicle mounted **HUMVEE** combat scenario training.

- □ Has the feel of actual convoy movement
- □ Four HUMVEES encounter a wide variety of urban and rural settings.
- □ Multilane individual and collective gunnery training for static dismounted

individual/squad/team/element levels:

- ✓ Infantry
- ✓ Scout
- ✓ Engineer
- ✓ Military Police
- ✓ Combat Support
- ✓ Combat Service **Support**
- □ Computer generates targets, terrain and weapons effects in a real-time three-dimensional display that also includes OPFOR weapons and sounds.

Technical Specifications: Device No. Not Assigned

Configuration: 4-HUMVEE Convoy

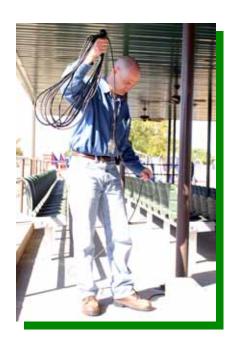

Presentation Support

The Audio Visual Section provides VIP presentation support, which

includes audio support for change of command, retirement ceremonies, special events and other special interest areas that need audio or video support.

Requests for Presentation Support should be submitted on DA Form 3903, at the Customer Service Center, Building #229 on Battalion

Avenue; between 0730 and 1600, Monday through

Friday, except holidays. A few days before the event the requester will be contacted and final coordination will be made. Fax DA Form 3903 to 254-288-7675. For additional information, call the Customer Service Center at 254-287-3909.

Video Teleconference & Conference Rooms

- Seats 19

Fort Hood VTC III

This is a VTC circuit that can be routed to any of the three conference room in the III Corps HQ's building. You will need to contact the Conference Room Scheduling office for scheduling. That phone number is 288-5320.

<u>VTC Capabilities:</u> Your conferences can be recorded by providing a blank VHS videotape. VGT's can be transmitted to all sites involved. Paper VGT's provide the best results. Copies of slides sent from distant sites can be made upon request.

Scheduling: To schedule a Fort Hood VTC call 288-5320 with the following information:

- Date, time frame and the amount of time needed (1 hour, 2 hours) for conference.
- Numbers of sites needed to be involved in the conference.
- POC's and their phone number at each site involved in conference.
- Remember the more time given in advance to schedule the conference, the more likely you will be able to get the conference at the time frame and date you want.

Headquarters Building Conference Rooms

Building #1001, 761st Tank Battalion, has three Conference Rooms. For scheduling information please call 288-5320.

Conference Rooms have networked PCs, CD-ROM Drives, 250 meg Zip

Drives, DVD-ROM Drives, Windows XP Pro, MS Office 2003, Projectors (which display power point presentations or VHS videotapes), audio, wireless mouse and laser pointer...

See the SOP for the Headquarters Conference Rooms. The SOP can be

downloaded to your computer and\or printed for future reference.

Conference Room SOP Slide Template

Conference Room #1 "BASTOGNE"

- Room #C326
- One Screen rear projection
- Seat 24
- For Command Group Use / VIPs ONLY

Conference Room #2 ''AISNE MARNE''

- Room #W320
- Two Screens one projector each
- Seats 40 = 14 table seats/26 wall seats
- Staff Use

Conference Room #3 "REMAGEN"

- Room #W109
- Three Screens one projector each
- Seats 130
- Theater Type

Battle Simulation Center Conference Rooms

Building #4501, 65th Street & Santa Fe, has two Conference Rooms. For scheduling information please call 288-2716.

Conference Rooms have networked PCs, CD/DVD-ROM Drive, 250 meg Zip Drives, Windows XP Pro, MS Office 2003, Projectors (which display PowerPoint presentations or VHS videotapes), audio, wireless mouse and laser pointer...

Conference Room

- Room #245
- One Screen three video projectors
- Seat 70

Auditorium

- Room #108
- One screen three video projectors
- Seats 300
- Auditorium

Howze Theater

- Contact Education Services Devision, Bldg # 33009, 254-287-2986 to reserve the facility.
- Complete a DA Form 3903 to the Customer Service Center to request sound and facility support.

III Corps and Fort Hood TRAINING SUPPORT CNETER IMSW-HOD-PL-PLT Fort Hood, Texas 76544-5060

12 December 2005

STANDARD OPERATING PROCEDURES

- 1. GENERAL. The mission of the Training Support Center is to provide training resources and support to authorized customers of Fort Hood.
- 2. PURPOSE. To establish procedures for the preparation and presentation of briefing slides used in Bldg 1001, Battle Simulation Center, and Howze Theater conference rooms.
- 3. APPLICATION. These procedures are applicable to all personnel who prepare and conduct briefings using the computer/projector systems in Bldg 1001, Battle Simulation Center, and Howze Theater.

4. PROCEDURES.

- A. Scheduling of Conference Rooms.
 - 1) To schedule use of conference rooms in the III Corps HQ's building, call 288-5320.
 - 2) To schedule use of the conference rooms in the Battle Simulation Center, call 288-2716.
 - 3) To schedule use of Howze Theater, call TSC Customer Service Center, 287-3909.

B. Coordination.

- 1) Briefers will preview presentations on the conference room projectors prior to the scheduled briefing. A presentation which looks great on a computer screen may not look as good when projected on a screen.
- 2) Briefers will provide their *PowerPoint* presentations at least 24 hours in advance of the presentation to the room facilitator for check of compatibility and adherence to policy.

3) When using a videotape in a presentation, a backup tape must be provided.

C. Slide Presentation Guidelines.

- 1) All slides briefed to the Command Group will conform to the template shown in *figure 1*.
- Presentations shall use light on dark/dark on light combinations for background to text contrast.
 Presentations with dark backgrounds and light text are the most effective.
- 3) Presentations shall use **16**-point font size at a minimum; 18-point font size is easier to read.
- 4) Presentations shall use simple fonts such as **Arial or Arial Black.** Fancy fonts, such as Script, are difficult to read.
- 5) Each slide should have **3-4** bullets with **10-12** words per bullet. If the presentation requires extensive text, break it into multiple slides and increase the font size.
- 6) III Corps standard headers will be used on all presentations.
- 7) Presentations not meeting these standards will be returned to the preparer for correction.

D. Presentation Software.

- 1) All briefings will be done in *Microsoft PowerPoint*. No other formats will be accepted. *PowerPoint* on *Microsoft Office 2003* is available. The conference room can support presentations using this or any lower version of *PowerPoint*.
- 2) Each computer used to present briefings will have Microsoft Policy Editor activated in order that Desktop settings cannot be changed..
- 3) Resolution on the computers shall be set at 1024 x 768, 16-bit color, and large fonts.
- 4) All presentations will be done in True Type Fonts for the highest quality and should be "embedded" into the presentation.

5) Any embedded **AVI** or **WAV** files should be brought to the attention of the conference room facilitator prior to the beginning of a presentation.

E. Presentation Hardware.

- 1) Projectors must have a minimum 30-minute warm-up period prior to use.
- 2) Computers and computer peripherals are not to be adjusted nor settings changed without consultation with the room facilitator.
- 3) Wireless and table microphones, laser pointers, and wireless mouse may be provided to briefers upon request.

G. Facilitator Responsibilities.

- 1) Facilitators will inspect each conference room each morning for operational status of equipment. The daily equipment checklist will be initialed and filed for future reference.
- 2) All problems will be reported to the immediate supervisor immediately, who will notify A/V maintenance and the COR.
- 3) The A/V maintenance supervisor will fix the problem or provide an alternate solution for immediate conference room use (equipment swap, loan, rental, etc.)
- 4) Facilitator will load backup copies of presentations on all computers in a room in case of failure of a system.
- H. This SOP will be reviewed and updated annually or as required.

Tommie W. Tucker Visual Information Manager

TACTICAL ENGAGEMENT SIMULATION SYSTEM (TESS) FOR AH-64D LONGBOW APACHE

DVC 01-086

TRAINING CATEGORY/LEVEL UTILIZED:
Aviation/Level 3

SOURCE AND METHOD OF OBTAINING:

Not generally available for Issue (limited production)

PURPOSE OF TRAINER:

Provides the capability for two-sided real time tactical engagement and realistic casualty assessments.

PHYSICAL INFORMATION:

System consist of A kit-aircraft software, B kit TADS/Gun MILES lasers SMODIM, TESS Training Missile w/Flashwess and antennas. EQUIPMENT REQUIRED, NOT SUPPLIED: NONE

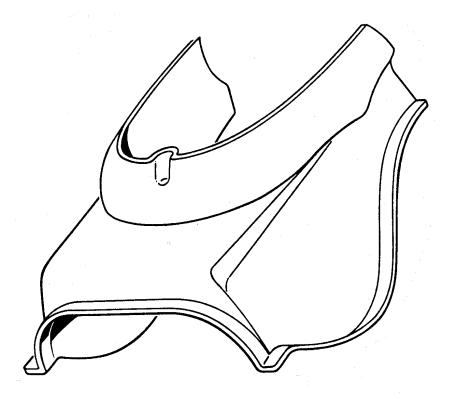

SPECIAL INSTALLATION REQUIREMENTS:
NONE

POWER REQUIREMENTS: Vehicle Power

PUBLICATIONS: None

TRAINING AID BLIND FLYING HOOD: CHANNEL VISION PERSONNEL

DVC 01-130

TRAINING CATEGORY/LEVEL UTILIZED: Aviation/Level 3

EQUIPMENT REQUIRED, NOT SUPPLIED: None

SOURCE AND METHOD OF OBTAINING: Generally available through the supply system as authorized by AR 310-49

SPECIAL INSTALLATION REQUIREMENTS:
None

PURPOSE OF TRAINER:

The trainer is used to teach aviator personnel instrument flying or blind flying in fixed wing aircraft.

POWER REQUIREMENTS: Not Applicable.

PHYSICAL INFORMATION: 8-1/16" x 9-3/8" x 6"

PUBLICATIONS: FM 1-50

AIRCRAFT SURVIVABILITY EQUIPMENT TRAINER (ASET IV)

DVC Number Unassigned

TRAINING CATEGORY/LEVEL UTILIZED: Aviation/Level 3

Not generally available for Issue (limited production)

PURPOSE OF TRAINER:

ASET IV simulates threat air defense radar systems acquiring, prioritizing and tracking aircraft using IR, IF AND AAA trackers.

PHYSICAL INFORMATION:

The ASET IV currently has 2 -IR SAMs, 1-RF SAM, and 2 AAA SAMs as well as the command and control (C3) vehicle and a generator.

EQUIPMENT REQUIRED, NOT SUPPLIED: NONE

SPECIAL INSTALLATION REQUIREMENTS:
NONE

POWER REQUIREMENTS: Vehicle Power

AERIAL RADIOLOGICAL SURVEY TRAINING SET

DVC 03-03 11F7

TRAINING CATEGORY/LEVEL UTILIZED: General/Level 2

SOURCE AND METHOD OF OBTAINING: Available at local TSC

PURPOSE OF TRAINER:

To provide personnel with classroom training, practice, and to maintain proficiency in the techniques of conducting an aerial radiological survey.

PHYSICAL INFORMATION:

Animated transparency: 13" x 16" x 2"

Laminated maps: 20" x 28"

Overlay transparencies: 8" x 10"

Carrying case: 31" x 22" x 6"

Weight: Carrying case (packed with all

items) approximately 60 lbs.

EQUIPMENT REQUIRED, NOT SUPPLIED:

Overhead projector Viewing screen Tape playback unit

SPECIAL INSTALLATION REQUIREMENTS None

POWER REQUIREMENTS: 110 V AC

PUBLICATIONS:

None

SIMULATOR, DETECTOR UNIT, CHEMICAL AGENT AUTOMATIC ALARM, M81

DVC 03-06

TRAINING CATEGORY/LEVEL UTILIZED: Chemical/Level 3

EQUIPMENT REQUIRED, NOT SUPPLIED: 10 ea Battery BA3517/U

SOURCE AND METHOD OF OBTAINING: Available at Local TSC

SPECIAL INSTALLATION REQUIREMENTS
None

PURPOSE OF TRAINER:

Used with M43A1 Detector, part of the M8A1 Automatic Chemical Agent Alarm, the simulator allows training personnel to simulate the movement of a chemical agent cloud across a battlefield.

POWER REQUIREMENTS: 15 V DC battery or vehicle

PHYSICAL INFORMATION:

Transit Case: 25" x 26" x 13" Loaded Weight: 45 lbs.

PUBLICATIONS: TM 3-3365-316-12

RADIAC TRAINING SET AN/TDQ-T12

DVC 03-15

TRAINING CATEGORY/LEVEL UTILIZED: Chemical (Radiation) Level 3

SOURCE AND METHOD OF OBTAINING: Available at local TSC

PURPOSE OF TRAINER:

The AN/TDQ-T2 is designed to project a forward directional RF pattern to simulate a radioactive fallout field.

PHYSICAL INFORMATION:

Dimensions/weight

- (1) Equipment/Transit Case 17.5" L x 11.6" W s 7.5" H / 12.5lbs. (5.68kg)
- (2) Antenna/Cable/Mast Case 8" Dia x 82" L / 19.5lbs. (8.85kg)

ARTILLERY, MINE, AND DEMOLITION NOISE SIMULATOR

DVC 06-19C NSN 6920-01-120-3405

TRAINING CATEGORY/LEVEL UTILIZED: Combat/Level 3

SUPPLIED: 12V Battery

EQUIPMENT REQUIRED,

SOURCE AND METHOD OF OBTAINING: Available at local TSC

SPECIAL INSTALLATION REQUIREMENTS:

PURPOSE OF TRAINER

To provide realistic simulation of common battle noises.

Two pits approximately 48" deep, 48" wide, and 48" long are required. One pit used for the explosion chamber. The other pit is for the oxygen and propane cylinders and timing assembly. The pits should be separated by at least one foot of earth and reinforced by 4" x 4" corner posts with 2" x 6" side boards to prevent the walls from collapsing due to the shock experienced when the device is detonated.

PHYSICAL INFORMATION:

Firing Chamber Assembly: 24" x 24" x 32 1/2" high.
Timing Roy: 18" x 13" x 5 1/2

Timing Box: 18"x 13" x 5 1/2" high.

Total Weight: 125 lbs.

PUBLICATIONS:

RIFLE MARKSMANSHIP TRAINER WEAPONEER

DVC 07-57A

TRAINING CATEGORY/LEVEL UTILIZED: Infantry/Level 2

SOURCE AND METHOD OF OBTAINING:

Available at local TSC (limited quantities). Advanced scheduling required. Must have attended class.

PURPOSE OF TRAINER:

The Rifle Marksmanship Trainer allows diagnosis of M16A2 rifleman's firing problems and provides remedial training without using ball ammunition or range facilities.

PHYSICAL INFORMATION:

Range assembly with cables and M16A2 Rifle: 99" x 29" x 7"; 119 lbs.

Target assembly with cover:

17" x 29"x 24"; 64 lbs.

Display console with accessories: 23" x 29" x 32"; 94 lbs.

Firing pad: 99" x 24" x 1"; 45 lbs. Foxhole pads: 88"x 25" x 1"; 75 lbs.

Elevator guide rack: 3" x 26: x 61"; 21 lbs.

EQUIPMENT REQUIRED, NOT SUPPLIED:

None

SPECIAL INSTALLATION REQUIREMENTS:

Training area (shielded) from elements); minimum 72" wide x 216" long x 96" high.

POWER REQUIREMENTS:

110 V AC, single phase, 60 hz

PUBLICATIONS:

TM-9-1005-249 Series FM 23-9

SCHEDULED OPERATOR CLASSES:

To schedule a Train the Trainer class submit DA form 3903-R-E at Bldg 229. Train the Trainer Classes do not conduct remedial marksmanship.

FIRING ATTACHMENT, BLANK AMMUNITION: M2 MACHINE GUN

DVC 07-59 M19

TRAINING CATEGORY/LEVEL UTILIZED: Combat ARMS/Level 3

EQUIPMENT REQUIRED, NOT SUPPLIED:

M2 Machine Gun; M1A1 Blank Ammunition

SOURCE AND METHOD OF OBTAINING: Available at local TSC or DISCOM

SPECIAL INSTALLATION REQUIREMENTS:
None

PURPOSE OF TRAINER:

The device permits firing of linked blank .50 caliber ammunition with the M2 machine gun.

MAIN GUN SIGNATURE SIMULATOR (MGSS)

DVC 17-180

TRAINING CATEGORY/LEVEL UTILIZED: Combat Arms/Level 3

SOURCE AND METHOD OF OBTAINING: Available through local TSC

PURPOSE OF TRAINER:

The Purpose of this trainer is to replace Basic MILES systems at home-station due to age of technology and cost to maintain.

The MGSS is a component of the Multiple Integrated Laser Engagement System 2000 (M2K). The M2K is a family of training systems which simulate the effects of direct-fire weapons at their operational ranges.

FUNCTIONAL DESCRIPTION:

The MGSS is mounted on the M1A1/M1A2 tank and simulates the main gun firing. The MGSS holds 60 pyrotechnics when fully loaded and is "keyless" for safety. When the main gun trigger is activated a signal goes to the MGSS and fires 1 pyrotechnic for each firing. The pyrotechnic creates the flash and bang of the main gun, triggering the Universal Laser Transmitter (ULT).

PHYSICAL INFORMATION:

MGSS Launcher Interface Cable Transit case dimensions: 46.3"L X 40.7"W X 17.5"H (1 MGSS Kits per case)
